Memorandum No. 167

MEMORANDUM FOR: [REDACTED] 25X1A9a

SUBJECT: Your Request for Information and Documents
25X1A6c

REFERENCE: Despatch [REDACTED] dated 15 July 1959

1. The following Soviet Far East city plans are scheduled for production and those marked with an asterisk should be completed within the next six months:

Komsomolsk-na-Amur
*Tushino-Sakhalinsk
Irkutsk
*Vladivostok
Krasnoyarsk
*Tomsk
*Omsk
Lhasa
Tyumen

[REDACTED] the lowest possible classification will be SECRET. We do not anticipate the publication of any of these plans at a lower classification in the foreseeable future. We would appreciate [REDACTED] undertaking coordination with the Foreign Collection and Cartographic Branch of ACRAPAC and informing us of their current production and future plans for the next year. This would enable us to eliminate any duplicatory efforts and concentrate on only those cities which will have no coverage at all. We would like to know their program for production of city plans in China and North Korea as well. The latest information we have on this was contained in Despatch [REDACTED] 10 February 1959.

25X1A6a

25X1A6a 2. [REDACTED] is being placed on automatic distribution for three copies of all city plans and port plans on the USSR. Maps in the port series which have been published to date have been UNCLASSIFIED. At the present time, we have not undertaken a town plan program for Communist China or North Korea. However, the Map Library Division will forward copies of individual maps when produced. We would be interested in receiving from you -- after you have ascertained the production of FCAC, ACRAPAC -- a listing of those cities in Communist China and North Korea [REDACTED]

We will soon be meeting with the Far East people here in Washington to ascertain from them those cities -- not presently covered by existing town plans -- for which plans are most urgently needed, so that our limited capabilities can be directed accordingly. Any help that you might give in indicating highest priority needs would be appreciated.
